

Dear Respected J Trust Bank Customers,

During the first semester of 2023, the Bank continues to execute its business plan by carrying out loan expansion prudently and increasing customer deposits, enhancing the Bank's ability to expand net interest income to generate profit for the period. In this period, the Bank managed to generate robust asset quality, profitability and capital adequacy ratios, indicating that this strong fundamental condition will assist the Bank to navigate through challenges and uncertainties ahead as well as to capitalize on growth opportunities.

The Bank has also remain focus on putting customer first and supporting social, economic, and environmental sustainability as well as conducting various corporate social responsibility programs to help the community and support the government to overcome various problems in society.

Although this year will be marked by challenges and uncertainties, we are optimistic about that Indonesia's economic will remain intact supported by strong domestic demand, solid export performance, and robust foreign investment. Supported by J Trust Co., Ltd. as the Bank's controlling shareholder, J Trust Bank's leadership has the experience and strategy to manage the challenges that we face.

We are confident that this condition will continue to serve us well throughout this year and beyond, and we believe that J Trust Bank is well positioned to deliver sustainable growth, respond to challenges, and pursue opportunities that may arise. We would not be able to do this without the support from all of our customers and I would like to extend our gratitude and appreciation for your loyalty and trust to J Trust Bank.

Sincerely,

Ritsuo Fukadai
President Director
